& Private Equity Association

**Asia's first and only
event for doctors
to explore expertise in
aesthetic medicine and
sexual aesthetic & surgery
specific to gender differences**
Specialize in your practice of aesthetics

GENDER AESTHETIC CONGRESS ASIA 2013

Gender Aesthetic Medicine Congress Asia 2013 will address specific gender differences in various minimally invasive procedures in women & men. For the first time, we are bringing together iconic leaders of US, EU and Australasia to discuss the **explicit gender dissimilarities and ethnicity preferences in the practice of medical aesthetic procedures.**

You will learn the **latest scientific development, skills, techniques and overcoming difficulties for aesthetic practice in women & men** from the best of breed leaders in the world.

First and only event in the world that explores in-depth into gender differences of ethnicity for non-surgical aesthetics

SEXUAL AESTHETIC & SURGERY CONGRESS ASIA 2013

Sexual Aesthetic & Surgery Congress Asia 2013 brings together global best leaders of the highly niched **sexual aesthetic & cosmetic surgery specialization** to explore methodologies in the Asian context.

You will learn the **latest enabling development in cosmetic breast & buttock augmentation, female gynecosmetics, male physique enhancement surgery, transgender surgery**, various sexual surgical procedures and its potential to grow in Asia Pacific.

This will be the first and only event in Asia Pacific that focuses on surgical sexual aesthetics!

OUR PARTNERS

GOLD SPONSOR

Q-Med, a Galderma division, develops, manufactures and markets solutions for aesthetic and corrective treatments.

The division offers a complete worldwide portfolio in the aesthetic field including the brands Restylane, Emervel and Macrolane. Deflux, Solesta and Durolane are products improving patients' health by treating conditions such as vesicoureteral reflux, fecal incontinence and arthritis.

BRONZE SPONSORS

Established in 1984, The **Innomed Group** has been a leading regional distributor of medical & aesthetic equipment and cosmetic products. Innomed offers a wide range of technologically advanced lasers, pulsed-light, radiofrequency, acoustic waves, skin analysis & imaging, weight-management, rehabilitation and holistic exercise systems and professional skin care products. Premier brands distributed by the group include Syneron-Candela, Canfield Imaging, CoolTouch, Conbio a Cynosure Company, Daavlin, Ellman, Hironic, Lasering, Marena, Palomar, Storz Medical, Theravant Corporation and iS Clinical.

CRYSTAL TOMATO™

Crystal Tomato™ is the result of a decade of research and development by one of the established laboratories in Israel. This unique breed of non-genetically modified white tomatoes contains high concentration of colourless carotenoids, namely Phytoene & Phytofluene. These carotenoids are proven in improving skin and it's clarity by acting as natural UV absorber, inhibitor of melanin synthesis (melanin darkens skin) & anti-oxidant agent for skin. This gives rise to beauty from head to toe unlike other topical applications, as they act from within for the whole body and women has always looked at such concepts as achieving beauty from within through magic pill consumption.
